Avsmakning:

"Complex and earthy on the nose with strong mineral, camphor and herb stem aromas that culminate with a huge and effusive minty note. The entry is surprisingly sweet with fruit, rich with raspberry and blackberry flavors supported by light tannins and great, refreshing acids. There's a fine transparency here with more of a cherry toned midpalate that leads to a clean, long, sweet high acid red fruit finish This is really fun, sweet blueberry and wild berry fruit are laced with fine mineral mineral notes on the moderately long finish. I am usually not a fan of these sorts of blends, but this works!"
